

501-BREW

SCOTT ROAD BREWING

New Year Resolution:

Introduce your friends and neighbours to SRBrewing!

We'll reward you with 10% off your next batch, and they will get 10% off as well.

And through to March 17, you will both be entered in our "new brew" draw for a free batch!

Retail update

We're planning to expand our retail selection in 2010. We will continue to carry Vinturis, wine-themed T-shirts and jewelry but we are looking for new ideas. If you have any suggestions for what we should carry, we always appreciate client input!

New website under construction

We appreciate your patience as we update the look and the content!

Thank You!

As the fourth owners of Scott Road Brewing since 1993, we are committed to raising the standard for quality craft-brewed beer, award winning wines and most importantly, customer service. It has been an interesting journey so far with many challenges and much to learn. We appreciate the support that you have shown us since we took over SRBrewing. Cheers to you!

Watch for details of our next event celebrating St. Patrick's Day and our second anniversary.

Pricing update

Our suppliers will be announcing new pricing soon and we do not expect the prices to drop. We will be revising our price structure accordingly. We will also need to adjust pricing for HST.

[Hint: buy now to avoid the increases!]

Wedding bells in 2010?

Do you know anyone who is planning a wedding? Maybe its you! Maybe it's a friend. Let's talk about saving money by making the wine and beer here! Special savings for orders of four or more batches. Besides saving money, we'll make the bottling a memorable event for the wedding party.

Special releases:

Looking for something different?

Each spring, our suppliers introduce new exciting wines. Only the best of each will be added to their regular listings. Supplies are limited and some require pre-order reservations.

Food pairing. What to serve with what?

7. The dessert wine should be sweeter than the dessert.

OK, so your New Year's resolution is to drop some weight. Does that mean eliminating dessert? Of course not! You can enjoy a cheese and fruit with a glass of port, or a small serving of dessert with an ice wine or late harvest Riesling. We offer over a dozen dessert wine kits. Most dessert wines benefit from aging, so plan early. Dessert wines are ideal for sharing with friends, either a glass at a time, or share a batch!
