## SCOTT ROAD

### Update: 2010 International Winemakers' Competition

Last year marked our first year competing against almost 5,000 other winemakers in North America. We won three awards; 2 silver medals and a Best of Show.

This year we only entered 10 wines. Drum-roll please... we brought home 4 medals, 3 silver and one bronze!

More details to follow next month!

### Feedback from our clients:

*Sharing this note from John and Fran Glasgow [with permission]*  
We are so happy with our new wine rack and it certainly has solved the problem of where DID we put that batch? Now all of the wine is in one place and clearly we can see if we are running low.

We are both very impressed with the workmanship on the wine rack. All the wood is nicely sanded and it is held together solidly with proper screws.

Great product,  
at a reasonable price.

### HST

Sigh. We heard back from the petition organizers that they had filled their quota for Newton so they will not host another petition signing event in Newton unless they need it later in the campaign. Keep fighting the good fight.

In the meantime, we are getting ready for HST. Here's what it means to you. The BCLC decided in its wisdom that higher margins were needed so no price decrease at their end. At our end, all of our wine kits are now subject to HST which we will need to pass along.

New pricing will be in effect July 1. HST is applicable on all sales after July 1. Thanks again Uncle Gordie.....
