SCOTT ROAD BREWING

HST Update

The bad news is that HST now applies to our Brew on Premise Service Charge as well as all retail items. The good news is that the ingredients remain exempt which means that the price increases will not be as much as initially dreaded.

As part of our struggle to deal with HST, we have changed the price structure for beer and wine. Note that your invoice will continue to reflect the two components [ingredient and service].

New Price Structure

It would take too many pages to list the hundreds of wines and beers so please note that this is just a sample.

On the beer side, we are offering each style as "Classic" and others as "Premium". Here's a partial list. Please ask for pricing on shared batches. All posted prices are inclusive of HST.

LAGER	Classic	Buddie, Canadian, Glacier	\$145
LAGER	Premium	Black Beauty, Steinlager	\$155
PILSNER	Classic	Czech, The Blues	\$155
PILSNER	Premium	Flip Top, Heinne, Stellar	\$160
ALE	Classic	BBIPA, Scott Road Red	\$160
ALE	Premium	Honey Brown, Scott Road IPA	\$170

On the wine side, we have changed the price structure to better reflect the wide range of products that we proudly carry.

You will see a price difference between reds, whites and roses and in some cases by varietal. This reflects differences in our cost as well as the additional labour involved in the red wines with grape skin packs.

Let's take a Merlot and a Chardonnay and look at the new pricing.

We still offer a range of 4 week wines for those who wish to enjoy their wine soon. For those willing to wait 8 weeks and to cellar the wine for a few months [white] and a year or more [reds], we offer the En Primeur line from RJ Spagnols. Merlot \$210 Chardonnay \$200. (Old price was \$210.)

New Structure continued

For those with a more restrained budget or tighter timeline, we offer several 4 week wine categories. In Grand Cru from Spagnols or Classique from Cellar craft, the Merlot is \$130, with Chardonnay at \$125. (Old price was \$130.) Less expensive options are available.

We have created a new tier for 5 week wines with representation from both Spagnols and Cellar Craft. The Merlot in each is \$150. The Chardonnay is \$145.

Our 6 week wines offer excellent value for those willing to be a little patient. There are many lines including Cellar Classic, Premier Cru, Cru Select, Premium and Winery Series. Reds range from \$155 to \$195. Whites range from \$150 to \$185.

Please remember that this is only a sample menu. More details will follow or stop by and check out the new prices.

Rules of Engagement:

You start the beer or wine. That means you add grains [beer], yeast [wine], or one of the other key ingredients to start the fermentation. You settle your tab and sign the small print [see below]. We do the rest of the work. You come back to bottle your treasures.

Wasn't that simple? Have fun, save money and proudly bring home great beer and wine!

THE SMALL PRINT

I, _____ have purchased the ingredients and started the fermentation to brew this excellent product for my own personal or family use, not for resale or commercial purposes. The brew charge includes rental of all necessary equipment until I bottle. I authorize the operator to hold this product until I return to bottle and take home my wine or beer.

What's Hot?

We are happy to expand the line of **wine racks to include a tall 30 bottle corner unit**. Floor sample expected shortly. It will be priced at \$75.

A client wants to build a Merlot collection. Looking for people to **share one or more batches of top tier Merlots** from different countries. If interested in sharing, let us know and we will put you in touch.

In some of the reds, particularly the higher end reds fermented on grape skins, you may have noticed sediment. The **Nuance wand** screens out the precipitation as it aerates the wine. Its clever design reduces spills and drips. And it works beautifully on whites! **As a special pre-sale offer, order yours before July 15 and save \$10!**

Come try ours on your wine before you order. At a regular price of \$39.95 the **Nuance wand** should be on everyone's gift list.
