## WINE , BEER and CIDER CLUBS

If you have a "share club" already going, we'd love to talk to you. You know its more fun to bottle with a bunch of friends.

If you don't belong to a club yet, **grab your neighbours, in-laws and friends** and come on by.

Sharing batches gives you a bottling buddy or two, and you can build a collection with more variety by sharing [and keeps your cider and beer fresh!]. You can share your free batch!

If you have any questions, call or drop by.

## Winemakers Trio The perfect pair.

The **red** is a **blend** of **Cabernet Sauvignon**, **Syrah** and **Zinfandel** fermented on wet skins. Soft but with great layers of flavour. First you'd get vanilla and black cherry, with a lingering play of raspberry and dark chocolate. Great for those just starting to enjoy red wine.

Terrific with food or on its own. BBQ burgers or a deep rich stew would be our pick. Some think it's a ringer for the Apothic Red at less than half the cost.

The **white** is a **blend** of **Pinot Grigio**, **Sauvignon Blanc** and **Muscat**. Unoaked with medium body, we like the full fruitiness and the bright finish. Great with turkey! Don't over-chill.

We can make it dry or off-dry, whichever you prefer, or even do half dry and half off-dry. [\$5 extra]

For the month of October, you get \$5 off the regular price on both of these beauties, and if you donate it to the Food Bank, we'll match it and you'll be entered in the draw for \$50 gift certificate.

Add a pair of **Winemakers Trio** to your cellar. Your friends will thank you for it!

## Rules of Engagement:

You start the beer or wine. That means you add grains [beer], yeast [wine], or one of the other key ingredients to start the fermentation. You settle your tab and sign the small print [see below]. We do the rest of the work. You come back to bottle your treasures.

**It's that simple! Have fun, save money and proudly bring home great beer and wine!**

## THE SMALL PRINT

I, \_\_\_\_\_ have purchased the ingredients and started the fermentation to brew this excellent product for my own personal or family use, not for resale or commercial purposes. The brew charge includes rental of all necessary equipment until I bottle. I authorize the operator to hold this product until I return to bottle and take home my wine or beer. I will abide by the Ubrew rules and sample no more than 3 oz while I bottle.

Thank YOU for voting  
SRBrewing Surrey's Best Ubrew again! We  
love serving you and the community!

## NOT SO HARD TO BE GREEN

We're doing our best to be green. We recycle the cardboard, and all of the plastic components of the wine kits.

Some of the red wines come with **oak cubes** to add complexity. Once we're done with them, we rinse and dry them out. **Wine soaked oak cubes** are perfect for adding a unique smokiness to your BBQ. Ask for some if interested.

We also hoard **used corks** so if you know anyone who wants them for any repurposing, let us know. We
